

## Mocking up the add cake view:

Sketch - paper and pencil

Wireframe - rough layout

[Homepage](#) [Stock List](#) [Add Cake](#) [Baker Lis](#) [Add Bake](#)

### Add new cake

You need to have a baker to create a new cake. [Create new baker](#)

Cake Name:

Description:

Baker Name:

Buying Cost:

Retail Price:

Quantity:

Wireframe - adding some colour and save button

The wireframe shows a web application interface. At the top is a red navigation bar with five links: 'Homepage', 'Stock List', 'Add Cake', 'Baker List', and 'Add Baker'. The 'Add Baker' link is highlighted in dark blue. Below the navigation bar, the main content area has a light blue background. It features a heading 'Add new cake' and a message: 'You need to have a baker to create a new cake. [Create new baker](#)'. Below this message are six input fields: 'Cake Name:', 'Description:', 'Baker Name:' (a dropdown menu), 'Buying Cost:', 'Retail Price:', and 'Quantity:'. At the bottom of these fields is a button labeled 'Add cake'.

HTML prototype - [UXPin-HTML-Cake\\_app](#)

Screenshot of app

The screenshot shows the 'Add new cake' form in a web browser. The browser's address bar shows 'localhost:4567/cakes/new'. The navigation bar is red with links: 'Home Page', 'Stock List', 'Add Cake', 'Baker List', and 'Add Baker'. The main content area has a light blue background. It features a heading 'Add new cake' and a message: 'You need to have a baker to create a new cake- [create a new baker](#)'. Below this message are six input fields: 'Cake Name:' (filled with 'Lemon Drizzle'), 'Description:' (filled with 'Zesty Goodness'), 'Baker Name:' (a dropdown menu with 'Mary Berry' selected), 'Cake Type:' (a dropdown menu with 'Wedding Cake' selected), 'Buying Cost:' (filled with '15'), 'Retail Price:' (filled with '20'), and 'Quantity:' (filled with '16'). At the bottom of these fields is a button labeled 'Add Cake'.
